

PLAYBOY'S BOOK OF  
**LINGERIE**

SEPTEMBER/OCTOBER 1993

THE WIDE, WILD  
WORLD OF  
INTIMATE  
WEAR

Model: Samantha Dorman  
Photography by: David D'Angelo

Samantha Dorman, PLAYBOY's September 1991 Playmate, has a smoldering look often associated with tropical sites, and it's easy to imagine her in jungle garb. She is so fond of animals that the leopard-print slip she models on our cover is the only thing resembling fur you're likely to see her wear. Samantha's fondness for exotic lingerie, however, knows no bounds.

When it's time to update her wardrobe, Erika Eleniak (above) adds a funky vest to crisp crinoline and gets a retro look. Christina Leardini (right) exudes a golden glow in a trim camisole. Tawnni Cable (far right) zooms back to the future in bold stripes and polka dots.
